

## CHK2: Confederation Mission Statement

Cain Anthony and Kyle Stockbridge

3rd December 2024

*Mission Statement for Inclusive Heathenry:* Our mission is to cultivate a welcoming, respectful, and diverse community within Heathenry that honours the values of our ancient traditions while embracing the realities of our modern world. We are committed to:

- **Inclusivity:** Creating an open and safe space for people of all backgrounds, races, genders, sexual orientations, disabilities and abilities to explore and practice Heathenry without fear of discrimination or exclusion.
- **Education and Dialogue:** Encouraging continuous learning and meaningful dialogue, fostering a deeper understanding of our myths, sagas, and spiritual practices while addressing harmful misconceptions and stereotypes.
- **Respect for Tradition and Evolution:** Honouring the rich heritage of our ancestors while allowing for the growth and adaptation of our practices to reflect contemporary values of equality, justice, and human dignity.
- **Community and Solidarity:** Building a strong, supportive, and inclusive community where all members feel valued and empowered to contribute, recognising that our collective strength lies in our diversity.
- **Environmental Stewardship and Responsibility:** Protecting the natural world, respecting the land we live on, and advocating for sustainability as an essential part of our spiritual path.

We are dedicated to nurturing a Heathenry that is reflective of both ancient wisdom and the inclusive, equitable world we strive to create.
