This document outlines the responsibilities of the Kindred Representative role. Each Kindred will have no more than two Representatives.

1. **Outreach Coordinator and Confederation Liason:** Representatives will handle their Kindred's communications with The Confederation of UK Heathen Kindreds. They may also reach out to other Kindreds or Heathen organizations.
2. **Participating in Confederation Meetings:** Representatives should attend the monthly meetings to discuss the Confederation's agenda. They will form the voting council that decide upon any decisions made in meetings.
3. **Conveying Their Kindred's Wishes:** Representatives are expected to meet with their Kindred and discuss the business of the Confederation, and subsequently bring the collective feedback and wishes from the Kindred to the Confederation.
4. **Assisting at Confederation Events:** Representatives will be the second port of call for any help required by the Confederation Committee in running events, such as the Kindred Games.
